

# EPOS Systems DX915

The DX915 is an all in one 15" touch screen EPOS terminal that includes proven POS software developed for the UK hospitality and retail markets. The POS software is fast, easy to use and highly configurable to suit different styles of operation.

Designed specifically for Point of Sale, Uniwell terminals combine solid state memory, passively cooled electronics and embedded software. With no moving parts they deliver time and time again, providing an extremely reliable solution capable of withstanding the challenging conditions found in hospitality and retail environments.
